- Fall is the BEST TIME OF YEAR to plant!**
Any time you plant use Bio-tone Starter Plus to reduce transplant shock and grow a stronger healthier root system
- Newly planted trees and shrubs usually have a small root system so proper watering is extremely important to their survival.
- Replace cheap cracked leaky hoses with good quality NeverKink Hoses and check out our selection of Kinex watering supplies
- Protect your family with Mosquito Beater safe and easy to use
- Now is time to either fix or redo your lawn. Whether you are over-seeding, sodding, or completely renovate your lawn remember to use New Lawn Starter to encourage a stronger, healthier, more viable root system
- Repot your houseplants with Baccto Lite potting soil before you bring them in for winter. Check them thoroughly for bugs too. If you do notice bugs or disease come talk to us, we can help
- Fall is the best time to put down Bonide annual Tree & Shrub control. Helps protect against borers and other pesky insects
- Plants are also beginning to take in and store nutrients for next year's growth so now is the time to feed all your trees and shrubs Holly-tone/Plant-tone
- Spray Sedge Ender to kill nut grass and crabgrass
- Use Osmocote in all your pots and planters to feed up to 6 months

- Use tacksak (shredded straw with tack) when seeding to hold in moisture, less mess, and easy clean up
- Feed your lawn after a stressful summer to get it looking healthy again.
- Plant mums. Try mixing it up and planting them with kale, pansies, and other cool season annuals to give a unique fall look.
- Prune out all raspberry and blackberry canes that bore fruit and feed with Garden-tone
- It's time to start bringing in houseplants. When bringing them in, now is a good time to repot them with Baccto lite potting soil. Remember to only go up 1 pot say. If your plant was in a 10" pot you want to go to 12". Also as you're moving them in check them for both diseases and insects. If you have any questions or concerns we are here to answer them.
- Divide day lilies, irises, phlox, peonies and feed with Bulb-tone
- Fertilize strawberry plants with Garden-tone
- Treat trees and shrubs with Bonide annual tree and shrub insect control. This helps fight against insects for up to year. Fall is the best time to apply
- Dig up gladioluses, dahlias, cannas, and caladiums. There are several different ways to package them for storage. For more information call us, ask on Facebook, or simply come into the store.
- Put down your fall application of weed control granules (Easy Weeder) in your mulch
- Put down your fall application of Holly-tone, Plant-tone, Rose-tone, Flower-tone, Bulb-tone, and Garden-tone
- Make sure you checkout our Fall Savings. Sale items change weekly so make sure you check back often!**
